

## Reduce Cost with Unified Voice & Data

### Supertech Comm SIP Trunking Advantage

- ✓ Eliminate Expensive Wireline, T-1 and PRI Trunks
- ✓ Leverage Existing Bandwidth Cost and Maximize Savings
- ✓ Predictable Budgeting with Unlimited Flat Rate Trunks

## Unlimited Local and Long Distance Calling

With SIP Trunking from Supertech Comm, you'll have access to Unlimited Calling anywhere in the Continental USA and Canada. Stop paying your local telco provider high monthly fees for restricted local calling and eliminate your domestic long distance expenses.

### Predictable Fixed Cost Phone Service

Supertech Comm offers Flat Rate SIP Trunking solutions designed to save you money. Budget your telecom spending every month and stop worrying about long distance and overages.

#### Fully Compatible

Our SIP Trunking service is compatible with all phone systems. Even if your system is not SIP enabled.

#### Extremely Reliable

Supertech Comm's SIP Trunking solutions are provided on a fully redundant, all IP telephony network.

#### Quick & Easy Setup

In most cases your SIP Trunks can be provisioned and setup on your existing phones system within a few short hours.

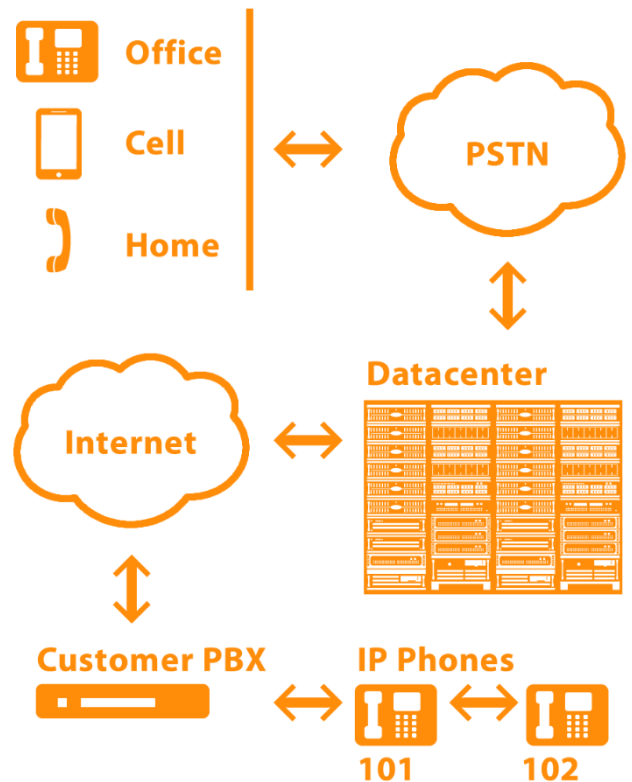

#### Disaster Proof

In the event your phone system becomes un-available your calls will automatically failover to any destination.

## Start Saving with Supertech Comm

### 5 Benefits of Supertech Comm SIP Trunking

- **Save up to 60% Monthly** – Start benefitting from unlimited calling at low flat monthly rates with no overage charges.
- **Keep Your Phone Numbers** – Keep all your existing phone numbers, including Direct Inward Dial (DID) and Toll Free.
- **Transparent Migration** – We manage your migration and ensure you have a seamless transition when using our SIP Trunking
- **Easy to Deploy** – SIP Trunks can be provisioned and setup in the same day with little to changes to your existing phone systems.
- **US Based Support** – Receive VIP support from our US based staff for any account changes or questions.

### The Supertech Comm's SIP Trunking Advantage

Supertech Comm's SIP Trunks deliver optimal service quality with crystal clear voice. When compared to older expensive wireline services like analog trunks or PRIs, Supertech Comm's SIP Trunks enhance your existing phone system while lowering your monthly telecom spending. In addition, SIP Trunks are much more flexible and reliable.
